

ICE Wide Analytical Tools

ADMINISTRATIVE | RESOURCES

- **ARMY CID WATCH:** Confirms the military service, history, & specialized training for subject(s)
- **BS&A:** Collection of municipal services for data held locally
- **DAVID:** Photo line-up application
- **G-EGD:** Global Enhanced GEOINT Delivery (G-EGD) program
- **GOOGLE EARTH PRO:** Import & export GIS data
- **HAWK TOOLBOX:** Phone lookup information
- **INMATE LOCATOR:** Public access to whereabouts of a federal inmate incarcerated from 1982 - present
- **NGIC:** Integrates gang information from local, state, & federal law enforcement (LE) entities
- **PACER:** Public Access to Court Electronic Records
- **PIX:** Database for persons subject to a protective intel investigation
- **SANCTIONS DB:** Source of all current and historical sanctions
- **SCANWRITER:** Converts statements, bills, & receipts into excel files
- **SECSTATE BUSINESSES DB:** Public access to corporate information searchable databases
- **SEN:** Significant Event Notification System
- **SPOTLIGHT:** Identifies victims of human trafficking online
- **SWIFT:** Secure Web Integrated File Transfer cross domain tool that enables automated transfer
- **VIIS:** Visual Investigative & Intelligence Systems portal comprising sign-on consolidated analytical toolset use

PRIMARY CROSS-PURPOSE SYSTEMS

- **ACCURINT:** Public records database
- **ADL DATABASE:** Anti-Defamation League Hate Symbols Database
- **AFI:** Analytical Framework for Intelligence (CBP)
- **CBP VETTING:** Checks across multiple TECS modules at the same time
- **ICM:** Investigative Case Management
- **NCMEC:** National Center for Missing & Exploited Children Case Management & RFI Tool
- **PLX:** Pen-Link. Commercial tool to analyze phone data
- **RAVEⁿ CORE:** Repository for Analytics in a Virtualized Environment
- **RAVEⁿ EA:** Email Analytics organizes, searches, filters & translates email evidence
- **RAVEⁿ GO:** RAVEⁿ CORE mobile application
- **RAVEⁿ IGP:** ICE Geospatial Platform identifies patterns & trends using interactive maps
- **RAVEⁿ LT:** Lead Tracker creates, sends, forwards, & receive leads
- **RAVEⁿ MD:** Searches & analyzes data from multiple cell phone extractions
- **RAVEⁿ ROA CLOUD:** Repository for all criminal analyst ROAs
- **RAVEⁿ TIPLINE:** Disseminate tips
- **WHOOSTER:** Links & matches public, private, and telephone record data sets*

CONTRABAND (SEIZURES, CARGO, & WEAPONS) SYSTEMS

- **ACE:** Automated Commercial Environment to process & target outbound cargo for air, sea, & land
- **AES:** Automated Export System for outbound cargo in air, sea, & land (CBP)
- **ATS CARGO TREND ANALYSIS:** Provides capability to create transactional & aggregated queries on entry summary data (CBP)
- **ATS IMPORT CARGO:** Automated Targeting System Import Cargo (CBP)
- **ATS-N:** CBP's National Initiative for Illicit Trade Enforcement (NIITE) data feed
- **ATS Trade Entity:** Search cargo documents provided by the trade community (CBP)
- **eTRACE:** ATF Electronic Tracing System for weapons
- **SEACATS:** Seized Assets & Case Tracking System (CBP)

COLLABORATION & DECONFLICTION

- **DICE 2.0:** DEA system for deconfliction purposes (DOJ)
- **HSIN:** Homeland Security Information Network to share sensitive but unclassified information
- **JUSTICECONNECT:** Real-time collaboration & information sharing for federal, state, local, tribal, & territorial LE in a secure environment
- **LEEP:** FBI portal for information sharing between federal, state, local, & tribal LE
- **NGNCP:** Information to enhance U.S. federal partners' ability to assess risk to protect Americans
- **ODMAP:** HIDTA Database of Fentanyl & Opioid overdoses
- **RISS:** Regional Information Sharing System composed of six regional centers that offers secure information sharing & communications capabilities

CYBER NETWORK INTRUSION

- **CHAINALYSIS:** Cryptocurrency blockchain data platform
- **CIPHERTRACE:** Cryptocurrency intel & blockchain analytics
- **COINBASE:** Cryptocurrency intel & blockchain analytics
- **CROSSLINK:** Searches info related to cybercriminal actors
- **FP TOOLS (FLASHPOINT):** Searches monikers in cybercriminal forums and darknet marketplaces
- **INSIGHT:** Data similar to Domain Tools: WHOIS data
- **IRIS:** Premier tool for looking up WHOIS data related to internet domain names
- **MANDIANT ADVANTAGE:** Supports for ransomware cases
- **RECORDED FUTURE:** Searchable database regarding adversaries, infrastructure and victims
- **RISKIQ:** Identifies potentially malicious domains and IPs based
- **SHODAN:** Indexes publicly accessible devices connected to the internet
- **TITAN:** Research threat actors on cybercriminal forums
- **TRM:** Cryptoanalysis
- **URL SCAN:** Scan and analyze websites via an automated process
- **VIRUSTOTAL:** Analyzes suspicious files, domains, IPs and URLs to detect malware
- **ZETALYTICS:-** Performs passive DNS searches

FINANCIAL & BUSINESS

- **CHIPS:** Clearing House Interbank Payments System
- **EPIC (ESP):** Unclassified drug & bulk cash smuggling information monitored by EPIC, DEA & various HIDTA units
- **FINCEN:** Financial Crimes Enforcement Network allows access to SARs, CTRs, & CMIRs
- **RAVEⁿ DARTTS:** Data Analysis and Research for Trade Transparency System
- **TRAC DIG:** Southwest Border Transaction Record Analysis Center Digital Information Gateway

TRAVEL | CONSULAR SYSTEMS

- **ARC/TIP:** Commercial airline travel database
- **ADIS:** Arrival Departure Information System for biographic identity & overstay status of noncitizens (CBP)
- **ATS-L:** Target arriving/departing passengers in a land border environment (CBP)
- **CCDI:** Consular Consolidated Database for visa and U.S. passport information (DoS)
- **FAA AIRCRAFT (SEARCH):** Searches for N-Number, Serial Number, Name, Make/Model, Engine, Dealer, Document Index, State & County, and Territory & Country
- **FAA PILOT CERT (SEARCH):** Searches for pilot certificates and records by name, DOB, city/state, and parachute seal symbol
- **ORBITAL INSIGHT:** GIS/Mapping Tool containing satellite, vehicle, and vessel datasets
- **PANJIVA:** U.S. and foreign company trade shipment database*
- **UPAX:** Unified Passenger system for travel, NCIC & NLETS (CBP)

IMMIGRATION SYSTEMS

- **CIS2:** Central Index System contains immigration records/status (USCIS)
- **CLAIMS:** Obtains information on subjects seeking immigration benefits
- **CPMS:** Customer Profile Management System (USCIS)
- **EAGLE:** Enforcement Integrated Database (EID) Arrest Guide for Law Enforcement (ICE/ERO)
- **EARM:** ENFORCE Alien Removal Module (ICE/ERO)
- **EDDIE:** Biometric processing system for the identification of persons (ICE/ERO)
- **ELIS:** Electronic Immigration System (USCIS)
- **IMM:** Identity Management Module. User account & role provisioning system (ERO)
- **PSIX:** Maritime Port State Information Exchange (USCG)
- **RAILS:** A-File tracking & accountability (USCIS)
- **SEVIS:** Student & Exchange Visitor Information System (USCIS)
- **STACKS:** Search by receipt or A # for A-file documents (USCIS)
- **US-VISIT:** U.S. Visitor and Immigrant Status Indicator Technology/IDENT (CBP)

MISCELLANEOUS

- **CBP APPS:** CBP App Directory
- **CBP TOOLBOX:** Contains a variety of data exploitation & analytical tools
- **CHAMELEON:** Anonymized means to conduct online investigations, web research, and undercover work
- **CLEARVIEW:** Facial recognition system
- **COBWEBS:** SOCMINT/WEBMINT derived data within geolocation interface*
- **CROSSTALK:** FBI browser tool assisting with internet research
- **FTC:** Consumer Sentinel access to consumer complaints
- **INNOCENCE LOST DATABASE:** Centralized (LES) victim, pimp, and associate intelligence
- **INTELINK – SBU:** Provides access to a wide array of intel, defense, Homeland Security, LE, & diplomatic information
- **LOCATE X:** Geolocation tool for researching mobile devices
- **SGS:** Subpoena Generation System to create/send subpoenas and summonses
- **SILO:** Online research without exposing analysts' digital fingerprint
- **TELLFINDER:** Uses AI to uncover patterns in online data to assist human trafficking investigation.

VEHICLE & LICENSE PLATE READERS (LPR)

- **DEASIL NLPRP:** DEA National LPR Program Tactical Alert & Query System
- **ISO CLAIMSEARCH:** National Insurance Crime Bureau
- **LEARN** Compiles data from fixed, portable, or vehicle-mounted automated LPRs

OPEN SOURCE, SOCIAL MEDIA, & VISUALIZATION

- **FIVECAST ONYX:** Digital intelligence solution with open-source data collection*
- **I2 ANALYST NOTEBOOK:** Create, download, and share link charts
- **NAMECH_K:** Searches across hundreds of social networks & domain extensions all at once
- **POWER BI DESKTOP:** Local reporting tool
- **POWER BI PRO:** Reporting tool that may be shared
- **SOCIALNET (MALTEGO):** Gathers social media and open-source information
- **TABLEAU DESKTOP:** Visual analytics platform
- **TRAFFIC JAM:** Open source and human trafficking research

DEPARTMENT OF HOMELAND SECURITY
HOMELAND SECURITY INVESTIGATIONS | OFFICE OF INTELLIGENCE

ICE Wide Analytical Tools Listing

OPEN SOURCE, SOCIAL MEDIA, & VISUALIZATION

Tool		Purpose	Request Access	Telephone Number
I2 Analyst Notebook		Download, create, & share link charts. Software installed on your computer.	ICE Service Desk	(888) 347-7762
Namech_k		Searches across hundreds of social networks and domain extensions, all at once.	N/A	N/A
FIVECAST ONYX		Provides user-targeted automated collection of publicly available data from a range of online sources, and couples this with risk analytics and network visualizations.	star_team@ice.dhs.gov	N/A
Power BI Desktop		Power BI is a reporting tool that allows you to take a collection of data, that may otherwise be difficult to interpret, and visualize it in a way that is easy and enjoyable to consume all while discovering important trends and encouraging data driven decisions. Reports can be viewed and created locally, but not shared.	ICE Service Desk	(888) 347-7762
Power BI Pro		Power BI Pro is a reporting tool that allows you to easily connect to your data source(s), model your data, integrate your data, and then visualize and share your findings with others to interact with. Power BI Pro is \$10/month/per user.	STAR Account Access Request	N/A
SocialNet (Maltego)		Social media research. Gathers open source and social media information and captures online digital tracks, maps against aliases, and explores connections in near real time to expedite your investigations and threat analysis.	STAR Account Access Request	N/A
Tableau Desktop		A visual analytics platform that makes it easier to explore and manage data, and faster to discover and share insights. A free desktop version is available via an ICE Service Desk Ticket. Data is not shareable via the free version. The paid ICE enterprise-wide Tableau Server version gives ICE employees a platform to share data, visualizations, and analyses created offline from their Tableau Desktop.	Software Installation Request	(888) 347-7762
Traffic Jam		Open source and human trafficking research. Tracks domestic and international sex advertisements and customer reviews, leveraging advanced analytics, artificial intelligence, machine learning, geospatial mapping, historical lookback for up to ten years, data refresh near real-time, and common visual analysis of people and fore/background to identify and prioritize persons and groups of persons who are likely being trafficked.	STAR Account Access Request	N/A

ICE Wide Analytical Tools Listing

VEHICLE & LICENSE PLATE READERS (LPR)

Tool		Purpose	Request Access	Telephone Number
DEASIL NLPRP		DEASIL National License Plate Reader Program (NLPRP) Tactical Alert & Query System is DEA's national license plate reader network and tactical alert and query system. You must have an active EPIC and DICE accounts to apply for access.	Directly via website	(571) 362-4357
ISO ClaimSearch		A database maintained by the National Insurance Crime Bureau that has information on property and casualty insurance claims as well as vehicle information.	STAR Account Access Request	N/A
LEARN		Law Enforcement Archival Reporting Network is a computer program hosted by Vigilant Solutions that compiles data from fixed, portable, or vehicle-mounted automated License Plate Readers (LPRs).	STAR Account Access Request	N/A

ICE Wide Analytical Tools Listing

MISCELLANEOUS				
Tool		Purpose	Request Access	Telephone Number
CBP Apps		CBP applications directory. It is a good resource for finding additional CBP tools and to locate the latest web address to access each of the applications.	Directly via website	(800) 927-8729
CBPToolbox		Platform containing a variety of data exploitation & analytical tools.	Directly via website	N/A
Chameleon		Offers a means to conduct online investigations, web research, and undercover work by providing anonymization, managed attribution, and data collection capabilities to its users. It also provides advanced investigative tools for long-term evidence collection.	RAVE@ice.dhs.gov	N/A
Clearview		Facial Recognition licenses controlled by CIEU. Access given out under specific circumstances.	Dianna Ford Molly Reeve	N/A
Cobwebs		Provides user-targeted automated collection of publicly available data from a range of online sources, and couples this with risk analytics and network visualizations.	star_team@ice.dhs.gov	N/A
CrossTalk		A browser tool created by the FBI to assist with internet research by automating the submission of search terms to third-party websites, extracting the data, and organizing the data in a card or Adobe file. You must have an active LEEP account to apply for access.	hq-div13-ctapu-crosstalk@ic.fbi.gov	N/A
FTC		Consumer Sentinel access to consumer complaints.	Via Consumer Sentinel Helpdesk	(877) 701-9595
Innocence Lost Database		The Innocence Lost Database/Web-Archival Tool allows Innocence Lost National Initiative Law Enforcement members and partners to centralize law enforcement sensitive (LES) victim, pimp, and associate intelligence associated with child sex trafficking/human trafficking, and further analyze leads with available LES records and NCMEC intelligence. You must have an active LEEP account to apply for access.	ILDWAT@fbi.gov	N/A
IntelInk - SBU		(Sensitive But Unclassified) provides access to a wide array of intelligence, defense, homeland security, law enforcement, and diplomatic information.	Directly via website	(301) 688-1800
Locate X		Geolocation tool for researching mobile devices. It allows investigators to draw a digital fence around an address or area, pinpoint mobile devices that were within that area from mobile data sources.	STAR Account Access Request	N/A
SGS		Replaces ISS; Online Subpoena Generation System (SGS) to create/send subpoenas and summons. It simplifies the accurate generation of subpoenas requesting subscriber information from telephone companies. Includes contact information specifically for LE for all telephone companies. Useful for finding out which company owns the phone number.	title-iiisupport@ice.dhs.gov	(703) 551-5500
SILO		Conducts online research without exposing analysts' digital fingerprint. Safely pursue investigations across the surface, deep or dark web from a cloud-based browsing interface while controlling how you appear online.	STAR Account Access Request	N/A
TellFinder		Uses artificial intelligence to uncover patterns in online data, such as advertisements, review forums, and discussion boards, to assist human trafficking investigations.	Directly via website	N/A

DEPARTMENT OF HOMELAND SECURITY
HOMELAND SECURITY INVESTIGATIONS | OFFICE OF INTELLIGENCE

ICE Wide Analytical Tools Listing

IMMIGRATION SYSTEMS

Tool		Purpose	Request Access	Telephone Number
CIS2		Central Index System contains immigration records/status (USCIS), including noncitizens' A-numbers, name/DOBs, & other numbers. It also includes data uploaded from the ENFORCE Alien Removal Module (EARM) & the Employment Authorization Document (EAD) System.	Directly via website	(888) 220-5228
CLAIMS		Obtains information on subjects seeking immigration benefits. This is a sub-system of CIS and requires a secondary log-on.	N/A	N/A
CPMS		Customer Profile Management System (USCIS). Obtain information on subjects that have legally obtained status in the US to include photos. Part of this system also allows you to locate ongoing petition submissions information. You get access when applying for PCQS.	N/A	N/A
EAGLE		Enforcement Integrated Database (EID) Arrest Guide for Law Enforcement (ICE/ERO). Booking system used to research aliens enrolled in ENFORCE when EARM does not work. This is a Java based system and you must use the icon on your computer to access it rather than using a web browser.	icemobilident-eagle@ice.dhs.gov	(202) 567-8534
EARM		ENFORCE Alien Removal Module (ICE/ERO). Provides information on subjects in the process of being deported or have been deported.	N/A	N/A
EDDIE		The biometric processing system for the identification of persons (ERO).	iceeddie@ice.dhs.gov	(202) 567-8534
ELIS		Electronic Immigration System (USCIS). Adjudicates immigrant benefit applications & manage their cases. Users can utilize the system to view applications, petitions or requests.	N/A	(888) 220-5228
IMM		Identity Management Module. A user account and role provisioning system for EAGLE/EARM (ERO).	Directly via website	(888) 347-7762
PSIX		U.S. Coast Guard Maritime Information Exchange. Port state information exchange database.	N/A	N/A
RAILS		A-File tracking & accountability. This USCIS system of record is used for tracking and delivering millions of immigrant and receipt files.	Directly via website	(888) 220-5228
SEVIS		Student & Exchange Visitor Information System (SEVIS). Database containing information on non-citizens who have a student visa.	SEVP.PICS@dhs.gov	(800) 892-4829
STACKS		Search by receipt or A # for A-file documents. A USCIS repository for immigration benefit paperwork that is scanned to the database. Digitized alien immigration petitions online. This is useful for getting the actual online copy of petitions (such as I-130, I-485, etc.) submitted since 2014.	stacks@uscis.dhs.gov	(888) 220-5228
US-VISIT		U.S. Visitor and Immigrant Status Indicator Technology/IDENT. Provides information on subjects legally visiting the US using a Visa. In addition, this site also has ENFORCE encounter info, asylum, and refugee data and photos linked to immigration applications.	Directly via website	(703) 378-4606

ICE Wide Analytical Tools Listing

TRAVEL | CONSULAR SYSTEMS

Tool		Purpose	Request Access	Telephone Number
ARC/TIP		The proprietary Travel Intelligence Program (TIP) database unlocks over one billion records containing thirty-nine months of past and future commercial airline travel, previously unavailable due to no other system containing the vast collection of data	star_team@ice.dhs.gov	N/A
ADIS		Arrival Departure Information System for biographic identity & overstay status of noncitizens. Database regarding an aliens travel to/from US Ports of Entry. This database is a part of U.S. VISIT and is administered by U.S. Department of State's Bureau of Consular Affairs.	Directly via website	N/A
ATS-L		Used to target arriving/departing passengers in a land border environment. This system will also provide names of passengers within the same vehicle as well as vehicle registration information.	Directly via website	(800) 927-8729
CCDI		Consular Consolidated Database for visa and U.S. passport information (DoS).	Directly via website	N/A
FAA Aircraft (Search)		The Federal Aviation Administration's (FAA) public site allows searches of N-Number, Serial Number, Name, Make/Model, Engine, Dealer, Document Index, State and County, and Territory and Country.	N/A	N/A
FAA Pilot Cert (Search)		The Federal Aviation Administration's (FAA) public site allows searches of pilot certificates and records. In the Airmen Inquiry, you can search by name, DOB, city/state, and parachute seal symbol.	N/A	N/A
Orbital Insight		GIS/mapping tool containing commercially available satellite, vehicle and vessel datasets.	c3_cculicensing@ice.dhs.gov	N/A
Panjiva		U.S. and foreign companies and entities engaged in international trade, including trade associations and subsidiaries, and shipper's, importer's, broker's, and consignee's contact information (such as addresses) for specific shipments.	STAR Account Access Request	N/A
UPAX		Unified Passenger system for travel, NCIC & NLETS. Gives the ability to query travel data on passengers, arriving & departing in air, land, & sea POEs, including Visa, ESTA, EVUS, GES, NCIC & Nlets, ENFORCE, PNR-linked data, business, & vessel info. Can also search the TSDB (Terrorist Screening Database), which is the unclassified version of TIDE. You must have an active TECS account to apply for access.	Directly via website	(800) 927-8729

ICE Wide Analytical Tools Listing

FINANCIAL & BUSINESS

Tool		Purpose	Request Access	Telephone Number
CHIPS		Clearing House Interbank Payments System. An electronic clearinghouse database system, which facilitates the transfer of funds from both individual consumers and institutions.	Directly via website	N/A
EPIC (ESP)		This is the gateway to the Unclassified drug and bulk cash smuggling information monitored by EPIC, DEA and the various HIDTA units across the country.	Directly via website	(571) 387-4292
FINCEN		Financial Crimes Enforcement Network allows access to SARs, CTRs, & CMIRs, etc. is accessed through here. Note that this information is also available through TECS, ICM, and DARTTS if needed.	ICE-FinCEN@ice.dhs.gov	(703) 905-3656
RAVEN DARTTS		Data Analysis and Research for Trade Transparency System (DARTTS). Identify possible criminal activity such as trade-based money-laundering (TBML), customs fraud, contraband smuggling, and intellectual property rights violations.	RAVEN Help Center	(202) 732-6990
TRAC DIG		Southwest Border Transaction Record Analysis Center (TRAC) Digital Information Gateway. Data site run by the Southwest Border Anti-Money Laundering Alliance. This site collects information from the major MSB's for easy research.	tracsupport@swbtrac.com	(602) 377-2689

DEPARTMENT OF HOMELAND SECURITY
HOMELAND SECURITY INVESTIGATIONS | OFFICE OF INTELLIGENCE

ICE Wide Analytical Tools Listing

CYBER NETWORK INTRUSION

Tool		Purpose	Request Access	Telephone Number
Chainalysis		Cryptocurrency blockchain data platform.	c3_cculicensing@ice.dhs.gov	N/A
Ciphertrace		Cryptocurrency intel & blockchain analytics.	c3_cculicensing@ice.dhs.gov	N/A
Coinbase		Cryptocurrency intel & blockchain analytics.	c3_cculicensing@ice.dhs.gov	N/A
Crosslink		Very effective in searching info related to cybercriminal actors. The platform can be searched using moniker, email, phone number, name, IP address, and BTC address, etc.	c3_cculicensing@ice.dhs.gov	N/A
FP Tools (Flashpoint)		Provides cyber intelligence by combining data from a variety of sources including cybercriminal forums, darknet marketplaces, chat services, social media, etc., into a searchable database - most effective in searching monikers in cybercriminal forums and darknet marketplaces.	c3_cculicensing@ice.dhs.gov	N/A
Insight		Data similar to Domain Tools - WHOIS data: registrar information, registrant information, hosted IP information, MX records, DNS records, but enriches this data with geo-location data and the ability to get around privacy registrars.	c3_cculicensing@ice.dhs.gov	N/A
IRIS		Premier tool for looking up WHOIS data related to internet domain names such as: registrar information, registrant information, hosted IP information, MX records, DNS records, and more. Provides this data on a historical basis so that an analyst can see how this WHOIS data has changed over time.	c3_cculicensing@ice.dhs.gov	N/A
Mandiant Advantage		Cyber threat intel platform with a wide variety of data from scraped forums, markets and sites as well as from Mandiant's cyber security components. Supports for ransomware cases.	c3_cculicensing@ice.dhs.gov	N/A
Recorded Future		Searchable database regarding adversaries, infrastructure, and victims gathered from a variety of sources including darknet forums, marketplaces and data dumps, messaging platforms, breach disclosures, etc. Targets state-sponsored threat groups, financially motivated threat actors and newly emerging malware and attacker infrastructure.	c3_cculicensing@ice.dhs.gov	N/A
RiskIQ		Cyber threat intelligence platform that collects information about and maps relationships between infrastructure on the internet. Users can search by and pivot off domains, hosts, IPs, SSL certificates, WHOIS data, etc. Identifies potentially malicious domains and IPs based.	c3_cculicensing@ice.dhs.gov	N/A
Shodan		Performs like a search engine for network information by indexing publicly accessible devices connected to the internet. The indexed data can include host names, passwords, usernames, hidden APIs, and token information.	c3_cculicensing@ice.dhs.gov	N/A
TITAN		Focus on malware and ransomware. Research threat actors on cybercriminal forums, but it does not contain any social media info.	c3_cculicensing@ice.dhs.gov	N/A
TRM		Cryptoanalysis	c3_cculicensing@ice.dhs.gov	N/A
URL Scan		Scans and analyzes websites via an automated process which browses to a URL like a regular user and record network activity the navigation creates. Includes pivoting abilities, visual search, brand and industry searches, live scanning and additional search parameters.	c3_cculicensing@ice.dhs.gov	N/A
VirusTotal		Allows users to analyze suspicious files, domains, IPs and URLs to detect malware and other breaches.	c3_cculicensing@ice.dhs.gov	N/A
ZETAlytics		Searches billions of passive DNS records for historical domains, email addresses, IPs and name servers.	c3_cculicensing@ice.dhs.gov	N/A

ICE Wide Analytical Tools Listing

COLLABORATION & DECONFLICTION

Tool		Purpose	Request Access	Telephone Number
DICE 2.0		DEA system for deconfliction purposes (DOJ). This is ICE’s link to the DEA Trinity database for deconfliction purposes. This site checks for phone numbers and license plates captured on camera.	https://esp.usdoj.gov	N/A
HSIN		Homeland Security Information Network to share sensitive but unclassified information. Site is designed to be the one-stop information sharing environment for DHS and its state, local and tribal partners.	Directly via website	(866) 430-0162
JusticeConnect		A criminal justice network which facilitates real-time collaboration, information sharing, partnership development, and project management for federal, state, local, tribal and territorial partners in a secure environment. You must have an active LEEP account to apply for access.	Directly via website	(888) 334-4536
LEEP (LEO)		This is the FBI’s site for information sharing between federal, state, local, and tribal law enforcement agencies. Allows access to the JABS, a Department of Justice website for sharing booking and fingerprints; the N-DEx2, a national information sharing system that enables criminal justice agencies to search, link, analyze, and share local, state, tribal, and federal records; and the NGIC. You must have an active TECS and/or ICM account to apply for access.	Directly via website	(888) 334-4536
NGNCP Enhanced		Provides useful, accurate, and comprehensive information to enhance U.S. federal partners’ ability to assess risk for the purpose of protecting Americans. You must have an active LEEP account to apply for access.	Directly via website	N/A
ODMAP		Overdose Detection Mapping Application Program (ODMAP) provides near real-time surveillance of suspected Opioid and Fentanyl overdose events to support public safety and public health efforts to mobilize an immediate response to overdose.	STAR Account Access Request	N/A
RISS		The Regional Information Sharing Systems (RISS) is composed of six regional centers and offers secure information sharing and communications capabilities, critical analytical and investigative support services, and event deconfliction to enhance officer safety.	Directly via website	(800) 952-5258

ICE Wide Analytical Tools Listing

CONTRABAND (SEIZURES, CARGO, & WEAPONS) SYSTEMS

Tool		Purpose	Request Access	Telephone Number
ACE		Automated Commercial Environment. Process and target outbound cargo in an air, sea, and land environment.	ace.support@cbp.dhs.gov	(866) 530-4172
AES		Automated Export System (AES). Process & target outbound cargo in an air, sea, & land environment. Download datasets from DARTTS (via FALCON) or AFI. You must have an active TECS account to apply for access.	Directly via website	(800) 927-8729
ATS-Cargo Trend Analysis		ATS Cargo Trend Analysis. Provides capability to create transactional & aggregated queries on entry summary data.	Directly via website	(800) 927-8729
ATS Import Cargo		Automated Targeting System Import Cargo. Reviews and evaluates shipments or trade entities associated with the importation of goods into or transiting the U.S. and is an enforcement tool used by CBP and HSI to identify and target shipments for inspection and enforcement. You must have an active TECS account to apply for access.	Directly via website	(800) 927-8729
ATS-N		CBP's National Initiative for Illicit Trade Enforcement (NIITE) data feed. Process and target inbound cargo in an air, sea, and land environment.	Directly via website	(800) 927-8729
ATS Trade Entity		Automated Targeting System Trade Entity. Search cargo documents provided by the trade community (CBP). You must have an active TECS account to apply for access.	Directly via website	(800) 927-8729
eTrace		The ATF Electronic Tracing System (eTrace) for weapons is a system that allows participating law enforcement agencies to submit firearm traces to the ATF National Tracing Center (NTC).	Directly via website	(877) 875-3723
SEACATS		The Seized Assets and Case Tracking System (SEACATS) is the CBP evidence tracking system that HSI uses to input and process evidence. You must have an active TECS account to apply for access.	Directly via website	(800) 927-8729

DEPARTMENT OF HOMELAND SECURITY
HOMELAND SECURITY INVESTIGATIONS | OFFICE OF INTELLIGENCE

ICE Wide Analytical Tools Listing

PRIMARY CROSS-PURPOSE SYSTEMS

Tool		Purpose	Request Access	Telephone Number
AccurInt		LexisNexis. Public records database. Search people, addresses, businesses, phone numbers, & criminal records that can be imported into internal & external data visualization tools, including mapping and link analysis.	STAR Account Access Request	N/A
ADL Database		The Anti-Defamation League (ADL) Hate Symbols Database provides an overview of many of the symbols most frequently utilized by a variety of white supremacist groups and movements, as well as some other types of hate groups.	N/A	N/A
AFI		Analytical Framework for Intelligence (AFI). The main site repository for unclassified intelligence products produced by ICE, CBP, and other sources.	Directly via website	((800) 927-8729
CBP Vetting		This site allows checks across multiple TECS modules at the same time. You must have an active TECS account to apply for access.	Directly via website	(800) 927-8729
ICM		Investigative Case Management. Utilized for criminal investigative case reporting for HSI. Ability to query subjects, vehicles, business, cases, arrests, etc. Can access NCIC and NLETS through this system; no DL photos are available. You must have an active TECS account to apply for access.	Directly via website	(888) 347-7762
NCMEC		The National Center for Missing and Exploited Children (NCMEC) is a case management and RFI tool for child exploitation leads.	Via C3/CEIU HSI Liaison	(813) 394-7702
PLX		PenLink commercial tool to analyze phone data. The law enforcement analytical COTS software that is used to analyze and exploit telephone evidence collected during criminal investigations. Download and install the PLX Remote Desktop Connection (.rdp) file to your computer.	PenLinkAssistance@ice.dhs.gov	N/A
RAVEN CORE		The Repository for Analytics in a Virtualized Environment (RAVEN) CORE is HSI's analytics platform repository replacing for FALCON and designed by the HSI Innovation Lab. Kestrel (web-based lead tracking system) and ArcGIS online mapping tools are available via RAVEn.	RAVEN Help Center	(202) 732-6990
RAVEN EA		Email Analytics. Organize, search, filter and translate email evidence.	RAVEN Help Center	(202) 732-6990
RAVEN GO		Replaces HSI Mobile. RAVEN CORE's accompanying mobile application.	RAVEN Help Center	(202) 732-6990
RAVEN IGP		ICE Geospatial Platform. Allows identification of patterns and trends using interactive maps to view complex events through geographical locations and time. Available to all ICE employees.	RAVEN Help Center	(202) 732-6990
